

Best Practice – I

Title – Motivate our students to crack various Competitive Exams.

Objectives of the practice –

- 1 . Its motto is to provide value added skilled Human Resources.
2. Developing entrepreneurial skills among the youth.
3. To uplift the needy student and to bring them at the equal platform.
4. To enhance the competitive spirit and promote healthy competition.

The Context-

As our students to come from rural area, they are shy and less confident. To boost their confidence and morale we make them aware of various career opportunities. We try to generate interest regarding competitive examinations. Career Katta is initiated by the Maharashtra Information Support Centre(MITSC) which works under the Government of Maharashtra.

Vision

“To upgrade our institution by imparting quality education to the students as per the need of time and bring them into the main stream of education.”

This platform provides guidelines to students and necessary to impact quality and skill – based education to the youth from rural and tribal part of the surrounding area of the institute in order to sustain in the challenging world. To promote higher education for people in rural, tribal and backward areas and enables students to enter dynamic world confidently and contribute to society productively our institution implemented this platform in Academic Year – 2021-22.

Outcomes

1. 25 students took the benefit of online of online lectures which useful for civil services / competitive examinations.

-

Best Practice – II

- **Title – Blood Donation Camp**
- **Objective**
 - 1. Educating the community on the beneficial aspects of blood donation.
 - 2. Actively encourage voluntary blood donation and gradually eliminate professional blood donors.
 - 3. For creating awareness about voluntary blood donation among youth.
- **Context :-**

It is a unique programme conducted by the institution every year. This will encourage students to donate blood voluntarily without compensation and support the operation of safe and reliable blood services. Our NSS and NCC Departments supports voluntary blood donation without compensation . A safe and reliable blood donor system offers important support for health services. The college has always tried to adopt this social concerns as one of its best practices and has always made efforts.

- **Blood Donation -**

For creating awareness about voluntary blood donation among youth and students our institution implemented ‘ Blood Donation Camp ‘ in every year . The students ‘s and the staff members do the blood donation on regular basis . There are two blood donation camps were held in the college in academic year-2021-22.On the occasion of Death anniversary of Lt. Nanasaheb Zulal Bhilajirao Patil institution organized blood donation camp on 17 Feb 2022 , 71 students donated blood . On the occasion of World blood donor day 19 June 202 1 Institution organize blood donation camp behalf of VIVEK Vahini and NSS and NCC department 30 students donated blood .

- In the camp maximum all the students will get their grouping and those who are fit to donate blood will voluntarily donate blood without any compensation.
- The students studying in this college are from remote villages of district. This message of health care and cleanliness goes to tribal village areas of district Educational Institution has many potential blood donors in the form of young and healthy students which can meet the safe blood requirements of our country. They should lead from the to donate blood voluntarily and take all necessary steps to encourage participating in blood donation among entire student community. Anaemia, underweight and fear were identified as the medical causes for non-donation of blood. This potential donor population can be encouraged in the right ways to promote blood donation practices.
- **Evidence of success –**

Every year blood donation camp was very successful and supported by student/staff. Every year the percentage of participation in the blood donation will increase and students are eager to donate blood . The students who donated their blood got appreciation by faculty members and management.
